

PANNON BIOTECHNOLOGY SEMINARS

III.

Lecturers

Terézia Salaj ; IPGB SAS,NITRA

Somatic embryogenesis of conifers - a plant regeneration system available for genetic transformation studies

Jana Libantová ; IPGB SAS,NITRA

Promoters usable in marker-free transgenic plants technology

Tibor Janda, MTA ATK, Martonvásár

Biotechnological aspects of abiotic stress tolerance in plants

Barnabás Jenes; ABC, Gödöllő

A new approach to transgenic plants

Ervin Balázs - József Popp ;

MTA ATK, Martonvásár, University of Debrecen

Socio economic impacts of transgenic crop cultivation

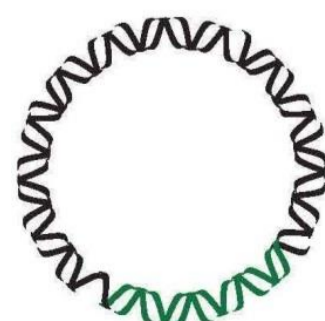

Venue:

**Institute of Plant Genetics and Biotechnology, Slovak Academy of Sciences
Akademická 2. 950 07 NITRA, Slovak Republic**

Date:

2013. April 15. 13⁰⁰
